The fisheries school at Adkathbail South Kanara Dt. was raised into a Higher lementary school by opening standard VI in June, 1946, as per sanction accorded in G.O.1359 Dev. dated 1-4-1946. The strength of standard VI was twenty at that time. Standard VII was opened in June 1947 as per G.O.Ms.No. 1912 Dev. Dept. dated 1-5-47 Standard VIII was opened in June, 1949 as per G.O.Ms.No.2036 Dev. Dept. dated 12-4-49. The strength of the Higher Elementary Standards is not encouraging. All the attempts of the teachers to improve the strength have proved futile.

The Assistant Director of Fisheries,Mangalore himself met some leading fishermen of the locality and requested them to cooperative with the school teachers in improving the strength and attendance of the school and warned them also that if inspite of all the efforts taken, the attendance were not to improve the department may bo forced to close down the Higher Elementary section from the beginning of next academic year. The Inspector of Fisheries,Mangalore also whenever he visited the school used to meet the President of the Parents Association and some leading fishermen and explained the guardians and parents to impress on them the value of education to children. Inspite of all the efforts made the strength and attendance have deteriorated month after month. The present strength of the school,in the Higher Elementary section is only 34 and the average attendance about 26. The class war strength of the Higher Elementary section of the school for the year 1946 to 1952 is furnished below.

Standard.	1946	1947	1948	1949	1950	1951	1952.

VII.	..	17	14	12	11	8	10
VIII.	..	..	..	13	4	6	8

It is reported that a general body meeting of parents and local fishermen was held on 12-10-52 and they have passed a resolution stating that as they are not confident of increasing the strength and average attendance, the Higher Elementary school may be closed. A copy of this resolution is enclosed herewith.

3 I therefore consider that this poor strength is not at all economical for further continuance of the Higher Elementary Section of the Adkathbail school.

The sanctioned strength of staff employed in that school is as follows:--

p.t.o.

No. of posts. Secy. grade	Hr.Ele.Grade	G.O. sanctioning the temporary posts.	Date of expiry of sanction.
3 (1 Sec.grade and 3 H.E.permanent)	5	G.O.1351 Dev. dated 29-3-52 (2 Sec.grade and 2 H.E.teachers)	31-3-53.
	1	G.O.1352 Dev. dated 27-3-51	31-3-53.
3	6 -- 9 teachers.		

Out of the 3 secondary grade and 5 higher elementary grade teachers mentioned above 1 secondary grade and 3 higher elementary grade teachers have been made permanent in G.O.Ms.No. 2261 Dev. Dept. dated 18-5-51 and 2 secondary grade and 3 higher elementary grade teachers are employed temporarily.

Out of these posts mentioned above 1 secondary grade and 4 higher elementary grade teachers will be sufficient from June, 1953 for the efficient running of the Elementary section of the school for which the permanent posts of 1 secondary grade and 3 higher elementary grade are available.

I therefore request the Government to abolish the 2 posts of secondary grade and 2 higher elementary grade teachers out of the sanctioned strength of 3 secondary grade and 6 higher elementary grade teachers for that school and orders may kindly be issued to close down the higher elementary section with effect from 1st June, 1953. The excess furniture etc. will be transferred to Bekal, Cheruvathur or to any other school where they are required.

I further request that sanction may kindly be accorded for the continuance of 1) 1 higher elementary grade teacher for one year from 1-4-53 2) 2 secondary grade and 2 higher elementary teachers from 1-4-53 to 1-6-53.

Present: 57 persons.

We beg to place before the Inspector of Fisheries, Mangalore the following facts for the reconsideration of the existance of the higher standards of the Adkathbail fisheries school beyond the current academic year.

We with an extremen help of the school staff have tried our utmost for this improvement of the daily attendance of the higher standards since a very long time as the people of our locality are quite illiterate and quite ignorant of the value of the education.

We used to conduct every week meetings after meetings and explained them the importance and value of education and we regret to submit that our efforts in this direction proved fruitless. The parents are forced to retain their school going children to see their young ones at home especially during the whole fishing season when the partents have to be away in connection with fishing or its sales, which reflects the utter poverty as well as their ignorance and indifference towards education. Our community had appointed a man separately for taking of pupils to schools on a monthly pay. High officials and non officials have explained at many occasions to the community the value of education and made requests to send their children to the school regularly. Our community also taken several steps to see all the children of school age attend the school regularly. Inspite of all these efforts the strength and attendance of the school have become thin and poor. Hence giving an assurance to you in respect of continuance of higher standards has become a great problem amongst us.

We also submit that we can't say that our future efforts will solve the problem considering our past experience attained in this matter and thereby we are forced to submit heartfeltly that the continuance of the higher standards may be kept in abeyance till our people really realise the value and utility of education.

Sub: Education - Fisheries Higher Ele. School Adkathbail - South Kanara District - Closing down of Higher Elementary Section - Proposals.

Ref: From the D.F. Lr. No.1696 C2/52 dated 25-3-53.

To A.S.

Please see the letter from the D.F. on pp.1-2 c.f.

The Fisheries school at Adkathbail in South Kanara district was raised into a Higher Elementary School by opening standard VI in June 1946. Subsequently standards VII and VIII were opened in June 1947 and June 1949 respectively. The D.F. has now submitted proposals for the closing down of the higher Elementary section of the school as the strength and average attendance ~~of the school~~ in ~~more~~ ~~meeting~~ standard are not at all ~~x~~ encouraging for their further continuance. He has stated that attempts of the Asst. Director of Fisheries and the Insnector of Fisheries Mangalore to improve the strength and attendance of the school were not successful. The present strength of the school in the Higher Elementary section is only 34 and the average attendance about 26. The class-war strenth of the H.E.section of the school for the year 1946-1952 is given at 'C' on p.1 c.f. The D.F. has stated that at the General Body meeting of the Parents and local fishermen, they have passed a resolution stating that the H.E.Section of the school may be closed as they are not confident of increasing the strength and average attendance ~~of the school~~.

The D.F. has stated that out of the sanctioned strength of 3 secondary grade and 6 Higher Elementary grade teachers of the school, 1 secondary grade and 3 Higher Elementary grade teachers have been made permanent in G.O.Ms.2261 Dev. dated 18-5-51 and that 2 secondary grade and 3 Higher Ele. Grade are employed temporarily. He has stated that ~~by~~ after the closing down ~~of~~ the Higher Elementary Sections of the school in June 1953, 1 secondary grade and 4 Higher Elementary grade teachers will be sufficient for the efficient running of the school for which the permanent posts of 1 secondary grade and 3 H.E.grade

teachers are available. He has therefore requested that the posts of 2 secondary grade and 2 H.E.grade teachers may be abolished and the H.E.Section of the school may be closed with effect from 1-6-53. He has stated that the excess furniture etc. will be transferred to other schools where they are required. He has also requested that sanction may be accorded for the continuance of one H.E.Grade teacher (temporary) for one year from 1-4-53 and ~~xx~~ the continuance of 2 Secondary grade and 2 H.E.grade teachers from 1-4-53 to 1-6-53.

In the circumstances it is for orders whether the proposal of the D.F. may be accepted. Subject to orders a draft order is put up for approval. ~~Education and~~ Finance may see ~~before issue~~ for a copy.
